

UVA COVID Tracker

as of 11/17/20. Updates at 4pm M-F.

This tool tracks the progress of the coronavirus in the UVA community, specifically on Grounds and at UVA Health, and reflects test results from UVA Health Analytics, Student Health, Employee Health, LetsGetChecked and saliva testing (1).

Positive 7-day moving average

(1) As UVA integrates its new saliva testing program into its reporting procedures, some cases from saliva testing may appear on the tracker retroactively. This is a temporary reporting issue and does not reflect when individuals are notified of their test results.

Due to the unprecedented nature of the coronavirus pandemic, this dashboard may be updated to ensure it reflects the current state of the virus in the UVA community.
