There is typically a 2-3 day time lag between the date of testing and receiving results.

Results of Self-Reported Positive Cases cannot be verified by JMU.

Total Positive Cases by Date Reported (Student and Employee)

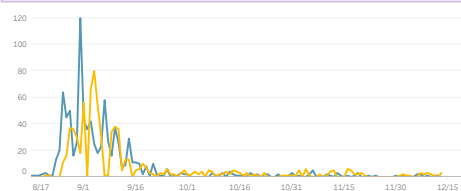

Includes Cases Recorded by UHC and Self-Reported Cases

Student Positive Cases

Recorded by UHC

Self-Reported

Employee Positive Cases

Self-Reported Cases

Recorded by UHC

To date, there has been three positive cases of employees that were determined through JMU testing.

All other positive cases of employees have been identified through other means.

Information about JMU's testing strategy is located above the dashboard. The university currently follows CDC and VDH guidelines.

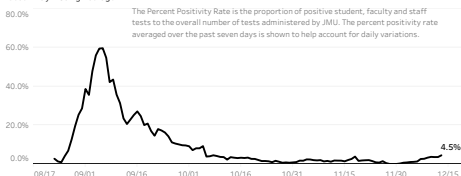

These numbers include tests administered to students through the UHC, random sample surveillance testing, and routine athletic screening.

Overall JMU Testing Results

Percent Positivity Rate from All JMU Tests

Seven-Day Moving Average

The Percent Positivity Rate is the proportion of positive student, faculty and staff tests to the overall number of tests administered by JMU. The percent positivity rate averaged over the past seven days is shown to help account for daily variations.
