George Mason COVID-19 Dashboard

Student Data Last Updated On: 9/1/20

Employee Data Last Updated On: 9/1/20

Notes	Both student and employee test results are now reported by George Mason University. (Dashboards released prior to 08/31/20 used some self-reported figures, which have been updated with more reliable data.)
	Dashboard figures below represent individual tests, not individual students/employees, as each student/employee may be tested several times. All figures are subject to change as new data become available.
